Subject: Report for the visited colleges under the School Connect 2.0 program

As per the order received on dated 16/01/2025 regarding the School Connect Program, the following activities were carried out to facilitate data collection and provide information about the program:

Activities:

- Held meetings with the principals at their respective colleges.
- Shared insights on how the program can support 12th Science students' academic and career aspirations.
- A Google Form was designed to streamline the data collection process.
- The form was shared with the principals of the respective colleges.
- Some colleges have already submitted their students' data through the shared excel form.

Students have examination preparation leave, so they are absent at the college.

Consistent communication with the colleges' administration about the School Connect Program is needed. The data collection process has been initiated, and further follow-ups will take viva telephone to colleges.
